

Deep Well Impact Sockets, 1/2" Drive

High-quality Steel Engineered for use in High Torque Applications

DURABILITY

Chromium-Molybdenum Steel (CRMO) construction for added durability and long life

VERSATILITY

3-3/16" length for longer reach and the ability to fasten over longer threads

DESIGN

Locking hole keeps the socket securely attached to the impact driver

CONVENIENCE

Laser etched for easy identification

FEATURES

- Chromium-Molybdenum Steel (CRMO) construction for added durability and long life
- 3-3/16" length for longer reach and the ability to fasten over longer threads
- Locking hole keeps the socket securely attached to the impact
- Laser etched for easy identification
- High strength 6-point drive sockets for Xtreme torque applications
- Black oxide coated to resist corrosion for longer socket life
- 1/2" drive designed to handle the most demanding applications
- For fastening nuts onto bolts in high torque applications
- Sockets are ideal for use with impact drivers (with adapter), impact wrenches and ratchets

SPECIFICATIONS

1/2" Drive, 3-3/16" Length, CRMO Steel
