

# SAFETY DATA SHEET

## 1. Identification

| Product identifier                           | Spray Away™ All Purpose Cleaner  |   |  |  |
|--|--|---|--|--|
| Other means of identification                |  |   |  |  |
| Product Code                                 | No. MK2832 (Item# 1007590)   |   |  |  |
| Recommended use                              | General purpose boat cleaner   |   |  |  |
| Recommended restrictions                     | None known.  |   |  |  |
| Manufacturer/Importer/Supplier/              | Distributor information  |   |  |  |
| Manufactured or sold by:                     |  |   |  |  |
| Company name                                 | CRC Industries, Inc.   |   |  |  |
| Address                                      | 885 Louis Dr.  |   |  |  |
|  | Warminster, PA 18974 US  |   |  |  |
| Telephone                                    |  |   |  |  |
| General Information                          | 215-674-4300   |   |  |  |
| Technical Assistance                         | 800-521-3168   |   |  |  |
| Customer Service                             | 800-272-4620   |   |  |  |
| 24-Hour Emergency                            | 800-424-9300 (US)  |   |  |  |
| (CHEMTREC)                                   | 703-527-3887 (International)   |   |  |  |
| Website                                      | www.crcindustries.com  |   |  |  |
| 2. Hazard(s) identification                  |  |   |  |  |
| Physical hazards                             | Not classified.  |   |  |  |
| Health hazards                               | Skin corrosion/irritation  | Category 2                                |  |  |
|  | Serious eye damage/eye irritation  | Category 1                                |  |  |
| Environmental hazards                        | Hazardous to the aquatic environment, acute hazard   | Category 3                                |  |  |
|  | Hazardous to the aquatic environment, long-term hazard   | Category 3                                |  |  |
| OSHA defined hazards                         | Not classified.  |   |  |  |
| Label elements                               |  |   |  |  |
|  |  |   |  |  |
| Signal word                                  | Danger   |   |  |  |
| Hazard statement                             | Causes skin irritation. Causes serious eye damage. Harmful to aquatic life with long lasting effects.  |   |  |  |
| Precautionary statement                      |  |   |  |  |
| Prevention                                   | Use with adequate ventilation. Open doors and windows or use other means to ensure a fresh air supply during use and while product is drying. If you experience any symptoms listed on this label, increase ventilation or leave the area. Wash thoroughly after handling. Wear protective gloves and eye/face protection. Avoid release to the environment. |   |  |  |
| Response                                     | If on skin: Wash with plenty of water. If skin irritation occurs: Get medical advice/attention. Take off contaminated clothing and wash before reuse. If in eyes: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Immediately call a poison center/doctor.                              |   |  |  |
| Storage                                      | Store away from incompatible materials.  |   |  |  |
| Disposal                                     | Dispose of contents/container in accordance v  | vith local/regional/national regulations. |  |  |
| Hazard(s) not otherwise<br>classified (HNOC) | None known.  |   |  |  |

# 3. Composition/information on ingredients

#### Substances

| Chemical name                              | Common name and synonyms | CAS number | %       |
|--|--------------------------|------------|---------|
| water                                      |                          | 7732-18-5  | 70 - 80 |
| sodium xylenesulphonate                    |                          | 1300-72-7  | 5 - 10  |
| dipropylene glycol monopropyl ether (dpmp) |                          | 29911-27-1 | 3 - 5   |
| alcohols, C8-10, ethoxylated propoxylated  |                          | 68603-25-8 | 1 - 3   |
| dioctyl sodium sulfosuccinate              |                          | 577-11-7   | 1 - 3   |
| tetrasodium<br>ethylenediaminetetraacetate |                          | 64-02-8    | 1 - 3   |
| sodium metasilicate                        |                          | 6834-92-0  | < 1     |

Specific chemical identity and/or percentage of composition has been withheld as a trade secret.

| 4. First-aid measures  |   |
|--|---|
| Inhalation   | If breathing is difficult, remove to fresh air and keep at rest in a position comfortable for breathing.<br>Call a physician if symptoms develop or persist.  |
| Skin contact   | Remove contaminated clothing. Rinse skin with water/shower. If skin irritation occurs: Get medical advice/attention. Wash contaminated clothing before reuse.   |
| Eye contact  | Immediately flush eyes with plenty of water for at least 15 minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Get medical attention immediately.                                   |
| Ingestion  | Rinse mouth. If ingestion of a large amount does occur, call a poison control center immediately.   |
| Most important<br>symptoms/effects, acute and<br>delayed                     | Causes serious eye damage. Symptoms may include stinging, tearing, redness, swelling, and blurred vision. Permanent eye damage including blindness could result. Skin irritation. May cause redness and pain. |
| Indication of immediate<br>medical attention and special<br>treatment needed | Provide general supportive measures and treat symptomatically. Keep victim under observation. Symptoms may be delayed.  |
| General information  | Ensure that medical personnel are aware of the material(s) involved, and take precautions to protect themselves.  |

# 5. Fire-fighting measures

| Suitable extinguishing media<br>Unsuitable extinguishing<br>media | Water fog. Foam. Dry chemical powder. Carbon dioxide (CO2).<br>Do not use water jet as an extinguisher, as this will spread the fire. |
|---|---|
| Specific hazards arising from the chemical                        | During fire, gases hazardous to health may be formed.   |
| Special protective equipment<br>and precautions for firefighters  | Self-contained breathing apparatus and full protective clothing must be worn in case of fire.   |
| Fire-fighting<br>equipment/instructions                           | Move containers from fire area if you can do so without risk.   |
| General fire hazards  | No unusual fire or explosion hazards noted.   |

### 6. Accidental release measures

| Personal precautions,<br>protective equipment and<br>emergency procedures | Keep unnecessary personnel away. Keep people away from and upwind of spill/leak. Wear appropriate protective equipment and clothing during clean-up. Do not touch damaged containers or spilled material unless wearing appropriate protective clothing. Ensure adequate ventilation. Local authorities should be advised if significant spillages cannot be contained. For personal protection, see section 8 of the SDS. |
|---|--|
| Methods and materials for containment and cleaning up                     | This product is miscible in water.<br>Small Spills: Wipe up with absorbent material (e.g. cloth, fleece). Clean surface thoroughly to remove residual contamination.   |
| Environmental precautions   | Never return spills to original containers for re-use. For waste disposal, see section 13 of the SDS.<br>Avoid release to the environment. Prevent further leakage or spillage if safe to do so. Avoid<br>discharge into drains, water courses or onto the ground. Inform appropriate managerial or<br>supervisory personnel of all environmental releases.  |

| 7. Handling and storage                                      |  |  |  |
|--|--|--|--|
| Precautions for safe handling                                | Provide adequate ventilation. Do not get this material in contact with eyes. Avoid contact with eyes, skin, and clothing. Wear appropriate personal protective equipment. Avoid release to the environment. Observe good industrial hygiene practices. Use care in handling/storage. For product usage instructions, see the product label.  |  |  |
| Conditions for safe storage, including any incompatibilities | Keep container tightly closed. Store away from incompatible materials (see Section 10 of the SDS).   |  |  |
| 8. Exposure controls/pers                                    | onal protection  |  |  |
| Biological limit values                                      | No biological exposure limits noted for the ingredient(s).   |  |  |
| Appropriate engineering controls                             | Good general ventilation (typically 10 air changes per hour) should be used. Ventilation rates should be matched to conditions. If applicable, use process enclosures, local exhaust ventilation, or other engineering controls to maintain airborne levels below recommended exposure limits. If exposure limits have not been established, maintain airborne levels to an acceptable level. Eye wash facilities and emergency shower should be available when handling this product. |  |  |
| Individual protection measures,                              | such as personal protective equipment  |  |  |
| Eye/face protection  | Wear safety glasses with side shields (or goggles) and a face shield.  |  |  |
| Skin protection  |  |  |  |
| Hand protection  | Wear protective gloves such as: Nitrile. Rubber.   |  |  |
| Other  | Wear appropriate chemical resistant clothing.  |  |  |
| Respiratory protection                                       | If engineering controls are not feasible or if exposure exceeds the applicable exposure limits, use a NIOSH-approved cartridge respirator with an organic vapor cartridge. Use a self-contained breathing apparatus in confined spaces and for emergencies. Air monitoring is needed to determine actual employee exposure levels.   |  |  |
| Thermal hazards  | Wear appropriate thermal protective clothing, when necessary.  |  |  |
| General hygiene<br>considerations                            | Always observe good personal hygiene measures, such as washing after handling the material and before eating, drinking, and/or smoking. Routinely wash work clothing and protective equipment to remove contaminants.  |  |  |
| 9. Physical and chemical                                     |  |  |  |

| 5. I hysical and chemical                  |                            |  |  |  |
|--|----------------------------|--|--|--|
| Appearance                                 |                            |  |  |  |
| Physical state                             | Liquid.                    |  |  |  |
| Form                                       | Liquid.                    |  |  |  |
| Color                                      | Blue green.                |  |  |  |
| Odor                                       | Surfactant.                |  |  |  |
| Odor threshold                             | Not available.             |  |  |  |
| рН   | 12.2                       |  |  |  |
| Melting point/freezing point               | -121 °F (-85 °C) estimated |  |  |  |
| Initial boiling point and boiling range    | 212 °F (100 °C) estimated  |  |  |  |
| Flash point                                | None (Tag Closed Cup)      |  |  |  |
| Evaporation rate                           | Slow.                      |  |  |  |
| Flammability (solid, gas)                  | Not available.             |  |  |  |
| Upper/lower flammability or exp            | losive limits              |  |  |  |
| Flammability limit - lower<br>(%)          | 0.7 % estimated            |  |  |  |
| Flammability limit - upper<br>(%)          | 23.5 % estimated           |  |  |  |
| Vapor pressure                             | 20.3 hPa estimated         |  |  |  |
| Vapor density                              | > 1 (air = 1)              |  |  |  |
| Relative density                           | 1.06                       |  |  |  |
| Solubility (water)                         | Soluble.                   |  |  |  |
| Partition coefficient<br>(n-octanol/water) | Not available.             |  |  |  |
| Auto-ignition temperature                  | 401 °F (205 °C) estimated  |  |  |  |

| Decomposition temperature             | Not available.  |  |  |  |
|---------------------------------------|---|--|--|--|
| Viscosity (kinematic) Not available.  |   |  |  |  |
| Percent volatile                      | 88.5 % estimated  |  |  |  |
| 10. Stability and reactivit           | У   |  |  |  |
| Reactivity                            | The product is stable and non-reactive under normal conditions of use, storage and transport. |  |  |  |
| Chemical stability                    | Material is stable under normal conditions.   |  |  |  |
| Possibility of hazardous<br>reactions | No dangerous reaction known under conditions of normal use.                                   |  |  |  |
| Conditions to avoid                   | Contact with incompatible materials.  |  |  |  |
| Incompatible materials                | Strong oxidizing agents.  |  |  |  |

Aldehydes. Ketones. Organic acids. Carbon oxides.

### 11. Toxicological information

Hazardous decomposition

products

#### Information on likely routes of exposure

| Inhalation   | Prolonged inhalation may be harmful.  |
|--|---|
| Skin contact   | Causes skin irritation.   |
| Eye contact  | Causes serious eye damage.  |
| Ingestion  | Health injuries are not known or expected under normal use.   |
| Symptoms related to the physical, chemical and toxicological characteristics | Causes serious eye damage. Symptoms may include stinging, tearing, redness, swelling, and<br>blurred vision. Permanent eye damage including blindness could result. Skin irritation. May cause<br>redness and pain. |

#### Information on toxicological effects

| Acute toxicity                    |  |              |  |
|-----------------------------------|--|--------------|--|
| Components                        | Species  | Test Results |  |
| dipropylene glycol monopropyl     | ether (dpmp) (CAS 29911-27-1)                  |              |  |
| <u>Acute</u>                      |  |              |  |
| Dermal                            |  |              |  |
| LD50                              | Rabbit   | > 2000 mg/kg |  |
|                                   |  | 5340 mg/kg   |  |
| Oral                              |  |              |  |
| LD50                              | Rat  | > 2000 mg/kg |  |
|                                   |  | 1475 mg/kg   |  |
| sodium metasilicate (CAS 6834     | 4-92-0)  |              |  |
| <u>Acute</u>                      |  |              |  |
| Oral                              |  |              |  |
| LD50                              | Rat  | 1280 mg/kg   |  |
| sodium xylenesulphonate (CAS      | S 1300-72-7)                                   |              |  |
| <u>Acute</u>                      |  |              |  |
| Dermal                            |  |              |  |
| LD50                              | Rabbit   | > 2000 mg/kg |  |
| Oral                              |  |              |  |
| LD50                              | Rat  | > 3356 mg/kg |  |
| tetrasodium ethylenediaminete     | traacetate (CAS 64-02-8)                       |              |  |
| <u>Acute</u>                      |  |              |  |
| Oral                              |  |              |  |
| LD50                              | Rat  | > 2000 mg/kg |  |
| * Estimates for product ma        | y be based on additional component data not sh | own.         |  |
| Skin corrosion/irritation         | Causes skin irritation.                        |              |  |
| Serious eye damage/eye irritation | Causes serious eye damage.                     |              |  |

| Respiratory sensitization                                     | -                            | Not a respiratory sensitizer.  |                                |                                     |
|---|------------------------------|--|--------------------------------|-------------------------------------|
| Skin sensitization  | •                            | This product is not expected to cause skin sensitization.  |                                |                                     |
| Germ cell mutagenicity  | mutagenic or                 | No data available to indicate product or any components present at greater than 0.1% are mutagenic or genotoxic. |                                |                                     |
| Carcinogenicity   | This product                 | This product is not considered to be a carcinogen by IARC, ACGIH, NTP, or OSHA.                                  |                                |                                     |

#### 13. Disposal considerations

| Disposal of waste from<br>residues / unused products | This product is not a RCRA hazardous waste (See 40 CFR Part 261.20 – 261.33). Empty containers may be recycled. Collect and reclaim or dispose in sealed containers at licensed waste disposal site. Do not allow this material to drain into sewers/water supplies. Do not contaminate ponds, waterways or ditches with chemical or used container. Dispose in accordance with all applicable regulations. |
|--|---|
| Hazardous waste code                                 | Not regulated.  |
| Contaminated packaging                               | Since emptied containers may retain product residue, follow label warnings even after container is<br>emptied. Empty containers should be taken to an approved waste handling site for recycling or<br>disposal.  |

#### 14. Transport information

#### DOT

Not regulated as dangerous goods.

#### ΙΑΤΑ

Not regulated as dangerous goods.

# IMDG

Not regulated as dangerous goods.

#### 15. Regulatory information

US federal regulations This product is a "Hazardous Chemical" as defined by the OSHA Hazard Communication Standard, 29 CFR 1910.1200.

#### TSCA Section 12(b) Export Notification (40 CFR 707, Subpt. D)

Not regulated.

#### SARA 304 Emergency release notification

Not regulated.

#### OSHA Specifically Regulated Substances (29 CFR 1910.1001-1050)

Not regulated.

#### US EPCRA (SARA Title III) Section 313 - Toxic Chemical: Listed substance

Not listed.

#### CERCLA Hazardous Substance List (40 CFR 302.4)

Not listed.

#### **CERCLA Hazardous Substances: Reportable quantity**

Not listed.

Spills or releases resulting in the loss of any ingredient at or above its RQ require immediate notification to the National Response Center (800-424-8802) and to your Local Emergency Planning Committee.

#### Clean Air Act (CAA) Section 112 Hazardous Air Pollutants (HAPs) List

Not regulated.

#### Clean Air Act (CAA) Section 112(r) Accidental Release Prevention (40 CFR 68.130)

Not regulated.

| Safe Drinking Water Act | Not regulated. |
